Message from the  
**CEO**

## FROM THE EXECUTIVE DIRECTOR'S DESK

I am pleased to reach everyone through this medium. I am Dr. Jerry Akubo, Executive Director, School of Hardknocks (SOHK) Nigeria.

I wholly stand in accord with SOHK's corporate objectives of using sports to fight crime. We're already passionately advancing attention towards golf games through golf tours, participating in golf tournaments and creating avenues for playing mini-mobile golf games in remote locations.

From my personal experience, I can say confidently: **"Playing golf reinvigorates your mind, and brings out the real personality in you as a character molder."**

I, therefore, deem it necessary as the CEO of School Of Hardknocks to compile The SOHK Team Tour Activities to actually give people an impression of what it feels like to be within the golf course, playing golf, and the character molding principles of golf.

You'll certainly be overwhelmed and inspired as you read through the various tour experiences of my SOHK Nigeria Team exposition to the IBB International Golf Club, The TYB Golf Club, The Vitality Mini Golf Centre and The Parkland Golf Course.

I assure you of an interesting reading experience on the inside of SOHK Golf Tour Newsletter.

In his welcome address, Mr. Kalip explained that the IBB Golf was established in 1991 by General Ibrahim Badamosi Banbagida and its 18 Whole standard Golf Course and amazing features was designed by Julius Berger.

Mr. Kalip further explained that playing Golf reveals your personality showing whether you're disciplined, honest, truthful, articulative, and respectful to other people. He also noted that the game of Golf requires a very high level of concentration without any atom of distraction. Mr. Kalip also described the wildlife attributes of the IBB Golf Course that it incubates an ecosystem of Crocodiles, Fishes, Birds, Snakes Monkeys, and Antelopes which attracts Golfers to the unique IBB Golf Club.

## Touring the IBB 125 Hectares and the 18 Whole Standard Golf Course

The entire SOHK Golf Team was led by The IBB Tour Guide Mr. Maxwell, on a convoy of the four expensive IBB Golf Carts of the club. In the tour session, he identified various locations such as the Green, the Bunker, The Stroke Index Board, The Fairway, The T-Box, The Par, etc. It was indeed exciting to see Golfers stroking perfectly their balls along the fairways as we toured the entire 125 Hectares of the IBB 18 Golf Course within 4 hours. The experience will forever be an antidote to anxiety, stress, and crime inclinations for the SOHK Team.

Undoubtedly, the CEO of SOHK Nigeria Dr. Jerry Akubo in his quest and passion to drive the objectives of the NGO reiterated his relentless commitment to using Sports to fight crime and is currently promoting Golf through strategic engagement with relevant stakeholders like IBB Golf Club and setting up Mobile Golf avenues to get various people attracted to golf.

It will no doubt allow some the opportunity to have access to Golf and enjoy it outdoors and get a little exercise at the same time. For others, it is a chance to get away from the stress and strain of their daily routine and find a location to learn how to become professional golfers. Also, it will instill and inspire others to enjoy the social aspect of golf—as a game that people of different ages, backgrounds, and abilities can play together, as there is no violence attached to Golf Sports as a means to fight and eradicate Crime in Nigeria.
